

To the Legislative Assembly of Alberta in Legislature Assembled:

We, the undersigned residents of Alberta, petition the Legislative Assembly to urge the Government to:

a) Create an independent citizens' assembly to:

- i. Review proportional representation electoral systems in which the share of legislature seats held by each party reflects the share of votes they receive
- ii. Recommend which proportional representation system best suits the diversity of Alberta's voters, and the need of Alberta's voters to have a healthy, functioning democracy

b) Introduce legislation changing the electoral system to reflect the recommendations of the citizens' assembly

Grounds: Alberta and its communities will benefit from an electoral system that reduces polarization, encourages cooperative politics, results in true majorities making decisions, increases engagement of voters, and prevents favouritism.
